

# Valley View Elementary School

## CONTINUOUS IMPROVEMENT PLAN 2018-19

**Goal:** Provide high quality learning opportunities for rural students consistent with those available in-town.

**Improvement Strategies:** Use curriculum calendar tools to fullest measure; train on and use curricular tools

<b>Tasks/Action Steps</b> <i>What will be done?</i>	<b>Timeline</b> <i>By when?</i> <i>(Day/Month)</i>	<b>Responsibilities &amp; Resources</b> <i>Who will do it?</i> <i>Funding/Time/People/Materials</i>	<b>Benchmarks</b> <i>How will we know we're making growth?</i>
Learn ATLAS program and use to participate in district-wide curriculum calendars	Ongoing beginning October 2018 through Spring 2019	Sarah, Kate, Barb, Loren	VV additions to ATLAS program; comparisons to in-town results
Training and use of Foundations materials	Begins October 2018 with regular updates and supports through Spring 2019	Sarah, Loren, IF Support	Regular use of program; end of unit assessment results

**Implications for Professional Development:** Need support from IF staff (in place) to further both initiatives.

**Implications for Family Involvement:** Families involved directly with Foundations materials; Families indirectly involved by seeing similar tools/calendars/materials as in-town peers.

**Evidence of Success:** *ATAS: Evidence of use and coordination with other rural schools as well as in-town schools. Foundations: Increased achievement on end of unit assessments, end of quarter assessments, CUBED, and ultimately WYTOPP.*

**Evaluation Process:** *Same as above.*
