---

The Albany County School District #1 Lawn crew will be spraying herbicides to Laramie High School on Friday August 30<sup>th</sup> after school and/or Saturday August 31<sup>st</sup>, to avoid spraying while school is in session.

We will be spraying *2,4-D Amine*. It is a selective herbicide. It contains an active ingredient of Dimethylamine Salt of 2,4-Dichlorophenoxyacetic Acid (47.2%). We will be spraying on the field owned by the school district south of Turner Dr. and are focusing on tumbleweeds.

In case of inclement weather, dates listed above are subject to change. Please contact Trevis Draney, Lead Groundskeeper with questions at 307-721-4475.
