ACSD#1 Help Document

Wellness Check Instructions for using the PowerSchool Parent Portal

Albany County School District #1 has acquired a new health application called HealthEd Check, also known as the Wellness Check. This app is integrated into PowerSchool and will assist with the daily reporting of a student(s) current health status to the home school nurse. If ACSD#1 families have more than one student in the district, they will need to complete the Wellness Check for each student. Using PowerSchool is the most effective way to submit a Wellness Check for multiple students.

Wellness Check via PowerSchool

1. **Login** to your [PowerSchool parent account](#).
2. Located in the **blue navigation bar at the top**, you will find the name of all students.
3. Select student.
4. On the left navigation menu, **choose the HealthEd Check icon**.
5. Answer **yes or no** to the seven Covid-19 screening questions.
6. Choose "**Submit Form**"
7. **Repeat** for multiple students

Note

Parents, students and employees have between the hours of 4:00 am and 7:30 am to complete this questionnaire through this app. The app will close for the day after these hours expire.

If you feel like you have **answered any of the questions in error** and have already submitted, you will need to **contact your school's nurse** to update the information for that day.
