

2019 UW Lab School's Summer Odyssey Program

Summer Odyssey is an enrichment program for students entering 1st through 5th grade. Each week will cover a science concept through a theme.

Week 1: Marvelous Motion: Exploring movement and motion through science and art.

Week 2: Fairy Tale Engineering: Design and create projects based on a variety of fairy tales including fractured fairy tales and fairy tales from other cultures.

Items needed: Paper towel tubes and broken appliances for take-a-part. Pringles cans, snack-size Pringles containers, and large individual-sized yogurt containers.

Teen Teachers

This year we are excited to have exceptional students who attend our middle school or are past Odyssey participants serving as "Teen Teachers". Odyssey faculty interview and train these teens in the planning, management, safety and leadership needed to teach small groups of children. Under our supervision the Teen Teachers teach our afternoon electives.

We are pleased to provide this opportunity for the younger children to work in smaller groups and benefit from these neat role models.

Daily Materials and Schedule:

Monday: Sunscreen, Lunch & Snack/Drink
 Tuesday: Sunscreen, Lunch & Snack/Drink
 Wednesday: Sunscreen, Lunch & Snack/Drink, Thursday: Sunscreen, Lunch & Snack/Drink
 Friday: Sunscreen, Lunch & Snack/Drink
 Other materials for Friday TBD.

Summer Odyssey Information

Dates:
 June 10-June 14(Mon.—Fri.)

June 17-June 21 (Mon.—Fri.)

Schedule:
 8:00—8:30 am Icebreaker activities

8:30—9:00 am Community building activities

9:00—11:30 am Science related activities

11:30—12:40 pm—Lunch (bring a sack lunch or parents may pick up students for lunch or join us for lunch)

12:45—3:15 pm Electives

3:15—3:30 pm Announcements

***Children must be picked up promptly by 3:30 PM.**

Cost:
 1st Child- \$195.00 per week .
 1st & 2nd Child-\$270.00 per week.
 Enrolling more than three siblings ask for price in the office.

Registration:
 Complete the attached application and turn it into the UW Lab School office, Room 132 in the Education Building; or you can mail it with payment to the address on the front of the brochure. Enrollment is not limited to Lab School students, so please register early.

Summer Odyssey Enrollment Form

Full Name: _____

Sex: M F Birth Date: _____

Age: _____ Grade Fall 2019: _____

Last School attended: _____

Is your child currently receiving special services from the district? _____ yes _____ no

Name of Parent(s): _____

Mailing Address: _____

Zip Code: _____

Home Phone: _____

Cell Phone: _____

Email Address: _____

Father's work place: _____

Work Phone: _____

Mother's Work Place: _____

Work Phone: _____

Local contact for emergency purposes only:

Name: _____

Phone: _____

Relationship: _____

Does your child have any health concerns that we should be aware of? _____yes _____no Please explain:

***Read and sign general consent form on reverse side of this enrollment form.**

Elective Sign Up

Check the week(s) your child will be attending the program:

June 10—June 14 _____
 June 17—June 21 _____

Paid _____ Check # _____ Date: _____

Name: _____

Please sign up for electives during each time slot for the week(s) you will be attending.
Put an 'X' beside your LEAST favorite choice.

Week #1

1:05—2:00 Elective 1 **2:10—3:15 Elective 2**

___ Board Games & take a-part ___ Storytelling

___ Cooking ___ Tablets

___ Arts & Crafts ___ Building Structures

___ Dance & Motion ___ Brain Games

___ Outdoor Games ___ Calm Art

Week #2

1:00—2:05 Elective 1 **2:10—3:15 Elective 2**

___ Board Games & take-a-part ___ Storytelling

___ Cooking ___ Tablets

___ Arts & Crafts ___ Building Structures

___ Dance & Motion ___ Brain Games

___ Outdoor Games ___ Calm Art

I give my child permission to watch PG rated movies that have a family focus.

YES _____ **NO** _____

General Consent and Release

As a University Laboratory School our students receive many opportunities to be involved in innovative learning programs. College of Education professors and students majoring in teacher education are often in our school interacting with U.W. Lab School teaching staff and working with students. Our students receive a great deal of individual attention because of the role the U.W Lab School has in teacher training. All pre-service teachers are required to video tape their lessons with our students. By signing this general consent you are giving your permission to have your child video taped and/or photographed as part of these teaching-learning segments. Any video taping or photos of your child as an individual student would, of course, require your permission.

Our location on the U.W. campus allows our students access to many programs and activities. We try to take advantage of this opportunity whenever possible. Signing the general consent form will allow us to take your child to different locations on campus for supervised field trips.

To enhance our curriculum there will be times that teachers will plan off-campus field trips. Your signed permission must be on file before your child may be taken off campus. You will receive notification and a request for parental permission for the specific trip.

You will be notified of educational research projects and you have the option of not having your child participate. Feel free to contact us if you have any questions.

Student's Name: _____

Parent Signature: _____

Date: _____, 2019

*Marvelous Motion: exploration of motion and movement

*Fairy Tale Engineering & Design: Design and construct projects based on problems presented in a variety of fairy tales.

Preparing your Child for Summer Odyssey

The following is the information you will need to have your child prepared for the summer program.

Snack time is mid-morning each day. If your child desires a snack, he/she should bring a healthy snack and drink from home.

We will have tie-dyeing on Friday afternoons with wheel day. Your child must provide his/her own items to tie-dye. These items should be prewashed. With the exception of tie-dye materials, all elective materials are included in your registration.

We look forward to working with you and your child. Our goal is to make this learning experience enjoyable and memorable for your child!
