

All *students* at Laramie High School will:

- apply a rich knowledge of reading and writing skills to demonstrate proficiency in English Language Arts.
- become proficient mathematicians who are able to apply their knowledge in a variety of problem contexts.

The *faculty* and staff at Laramie High School will:

- increase academic achievement for each student through clearly defined high expectations, relevant instruction, a variety of curricular opportunities, and meaningful relationships between staff and students,
- engage in a variety of both building and content specific professional development topics driven by stakeholder input and data. The purpose will be communicated to encourage relevancy, participation, and sustainability,
- purposefully create an environment where every student has a sense of belonging, acknowledgement, and ownership and is provided multiple opportunities to engage in relevant activities,
- build a strong community of educators by creating a positive environment through intentional communication, collaboration, socialization and celebration.
