**Parents and Students:** Thank you for taking the time to seriously consider course options. Your selections will determine class offerings for the upcoming year and is therefore very important. If you have questions, please see your school counselor.

Your selections need to be entered in PowerSchool under your "Class Registration" tab (look for the chair & pencil icon). That tab will open on Feb 10th and close on Feb 28th, though you will still be able to view your selections past that date.

- Any course that has an \* mark after the course number must have the instructor's signature before registering for it. Have the instructor sign near the course title on the front page or enter an electronic signature in their portal. ( i.e. Plainsman Singer)
- # symbol indicates the classes which can be taken for both LHS and community college credit. Some classes require a placement test or an ACT score.
- Students may not repeat passed courses for credits. Exceptions are generally fine arts and physical education courses.
- Make sure that the courses you select add up to 7.0 credits. (Exception being enrolled in a Learning Support Center [LSC]).
- **Alternatives are important. This is very helpful information to resolve course scheduling conflicts.**
